

# SHARING THE LIGHT

Sharing God's Light  
by Sharing the Cost

## A SYMONS VALLEY UNITED CHURCH CAPITAL CAMPAIGN

### OUR VISION

To replace the failed sanctuary house lighting system with a new LED-based system.

### OUR NEED

After 15 years of use, our Sanctuary lighting system is seriously failing and impacting Sunday worship and our rentals. Our plan is to restore light to sanctuary and reduce energy consumption and associated operational costs with new LED lights.

### OUR GOAL

Our goal is to raise \$35,000 by the end of June 2023. Any excess or unused funds raised by this campaign will be directed to building maintenance projects.
